Media Resource Services

2009

Welcome back everyone! As we begin another busy school year, I would like to remind you of the many wonderful resources available through the Media Centre to supplement your lesson plans. Please don't hesitate to call or email if there is anything I can help you with, and I will continue to keep you informed about new and popular resources. Happy September!

Lynn

NEW!

Start the School year off with these resources on language arts. For the primary, juniors:
D0323- Charley Chapters in Fiction vs Non-Fiction: Learn the difference in this fun and entertaining DVD.

For Grades 5-9
D0324-Analyzing Fiction
D0325-Analyzing Non- Fiction
D0326-Genres Of Fiction
D0327-Elements of Fiction
D0328-Analyzing and Appreciating Poetry

Join our hosts as they investigate the many different stylistic choices that an author can make when creating their work. Students will learn that there is much to learn and enjoy when they explore the world of fiction and nonfiction literature. Discover the benefits of both reading and hearing a poem, and experience the connection between poetry and the world around you. From the rhyme and meter of a sonnet to all the possibilities of free verse, students will enjoy this exploration into one the most expressive forms of literature. Teacher's Guide available for each of these DVD's.

D0086H GETTING TO SCHOOL SAFELY

There are all kinds of ways that children get to school. Some take a school bus, some walk, ride their bikes, or skateboard and some get a drive. No matter how students manage to arrive and leave school, there are a set of rules they should learn and obey. This DVD shows kids both the wrong way, and then the RIGHT and SAFE way. Includes guide and blackline masters. P 017 Min. Video 2006
Health and Safety, Healthy Living - Personal Safety and Injury Prevention

September Virtue-RESPECT/REVERENCE

Respect or reverence is valuing ourselves and others as unique persons, created and loved by God. It is also caring for the environment as God's gift to us. We respect God when we have a prayerful reverence and awe for God's greatness and goodness.

D0257H-The Respect Connection:The Character Chronicles brings character education alive for upper elementary and middle school students. This series explores the six pillars of character (trustworthiness, respect, responsibility, fairness, caring, citizenship) through the thoughts and personal experiences of young. 25 min

K0356-Building Character:This complete hands-on workshop helps students develop the positive character

traits of integrity, empathy, respect and citizenship. Demonstrates the skills necessary to make positive personal choices and develop a strong ethical base. 025 Min. J, I

V3349-Respectful Rules-On living a Respectful

Life:This upbeat video offers simple ways to start living a respectful life at home, school ,with friends, on the playing field or in the mall. J, I, S 26 min.

V3399H-Respect- Keep it Real:Students will learn why respect for self and others is important. They will learn how to build self respect, the relationship between honesty and respect for others' feelings, and the importance of body language in showing respect, and its effects on others. I, S 26 min.

Check the on line catalogue for many more.

Health and Nutrition

D0344-Nutrition and the New Food Pyramid:

In this engaging production children learn the importance of making good food choices for health, growth and energy. Students are introduced to the new individualized food guide mypyramid, and will learn to read and apply this tool to their lives 18 min P, J Teacher's Guide

D0345-My Pyramid: Choosing nutritious food and healthy activities:

For the primary students this DVD will show the students proper serving sizes, nutritious foods and healthy activities. They'll learn how to classify and compare foods by nutritional value and food group. Label reading skills are introduced. Children will practice making healthy snacks and learn how to make healthy choices when eating out. 21 min Teacher's Guide

Other Resources

The National Film Board or NFB, has available free downloads on their website. The website is www.nfb.ca There is a search in the top right corner. For example: put in space exploration and playlists will come up that you can view and share with your students on space and the universe.

Also, we have free access to Gale and Ebsco databases through Knowledge Ontario. On our Board's home page go to staff...media centre and the sites are available directly through the school. No passwords needed. There is also a database available on teen health and wellness. If you have trouble accessing these data bases please contact me at the Media Centre or visit your school librarian.

NEW FRENCH RESOURCES

I have new French resources to share with you. I have 2 new French CD's for your listening pleasure. CDF001 and CDF002, Encore and Oui by Gregg LeRock.

Environmental Issues

DF035-Les Produits Nettoyants: PLANÈTE PRISE 2 est une série documentaire qui traite de consommation écologique. En compagnie de RosaLee Jacques et sa famille, nous examinons les impacts environnementaux des gestes que nous posons dans chacune des pièces de nos maisons. Filmées partout à travers le Québec, ces émissions vous entraînent au coeur des solutions, à la rencontre des protagonistes du changement. Dans cet épisode, on est dans la salle de lavage, et on s'intéresse aux produits nettoyeurs. Nettoyer, c'est polluer. Pour faire briller notre quotidien, nous utilisons des produits chimiques, hautement toxiques, qui s'accumulent peu à peu dans l'environnement. Et pourtant il existe déjà, sur le marché, une grande variété de produits qui lavent tout en douceur. Pétrochimique, oléochimique, biotechnologique....apprenez à faire la différence.

I, S

DF036-Les Pneus: Dans cet épisode, on est dans la remise, et on s'intéresse aux pneus. En 1989, le Québec a connu une de ses pires catastrophes écologiques alors qu'un important dépôt de pneus prit feu à ST-Amable, relâchant d'énormes nuages de particules toxiques dans l'atmosphère. Cette leçon tragique motivera la mise en place d'un système de traitement des pneus usés parmi les plus efficaces au monde. Aujourd'hui, la province peut se vanter d'avoir récupéré plus de 100 millions de pneus usés, soit l'équivalent de la circonférence de la terre, si ces derniers étaient mis bout à bout. 22 min

DF039-DF042-Active-Toi Episodes 1-13: Telle est la devise de cette série qui encourage les jeunes âgés de 11 à 14 ans à prendre leur place dans la société en tant que citoyens. Dans chaque épisode, des jeunes seront amenés à prendre position de manière créative et dynamique sur des enjeux sociaux et politiques qui les touchent. Ils vivront des expériences déterminantes et seront conseillés par des experts.

Environnement, consommation, guerre, alimentation, éducation, rapports sociaux....chaque épisode de la série a pour thème un sujet qui découle de ces grands enjeux de société. Des thèmes qui, comme la mode, la pollution, l'intimidation, la pauvreté, la malbouffe, les espèces menacées, etc...touchent tout particulièrement les jeunes. Au cours de l'émission, trois jeunes amis, sensibilisés à un problème, prennent les petits et les gros qui vont les aider.

- Épisode 1-Vivre avec une déficience
- Épisode 2-Les francophones du Canada
- Épisode 3-Le transport
- Épisode 4-Les filles et leur corps
- Épisode 5-Les aînés
- Épisode 6-La pauvreté
- Épisode 7-L'énergie
- Épisode 8-Les animaux et nous
- Épisode 9-Tendance vert
- Épisode 10-Dépense ou pense
- Épisode 11-L'intimidation
- Épisode 12-L'eau potable
- Épisode 13-La bonne bouffe

Each episode is 26 minutes. J, I, S
